DWA_04.3 Knowledge Check_DWA4

_____

1. Select three rules from the Airbnb Style Guide that you find **useful** and explain why.

Naming : this helps in code readability and maintainability especially when you choose meaningful and self-descriptive names for variables m functions and classes.It also makes debugging easier.

Spacing : also proper spacing contributes to overall readability of the code .It also makes it easier to identify logical blocks .It also makes the code look clean and professional .

Parenthesis : these are used for grouping expressions , function calls and conditionals .By using it correctly will help to maintain code clarity and prevent bugs .

_____

2. Select three rules from the Airbnb Style Guide that you find **confusing** and explain why.
Ordering ,methods and isMounted i find these three confusing because without proper documentation it is hard to understand their intended functionality .
